RESOLUTION
ON APPROVAL OF AN INTER-INSTITUTIONAL ACTION PLAN ON
DEVELOPMENT COOPERATION

21 September 2016 No 937
Vilnius

For the purposes of enhanced inter-institutional coordination of development cooperation, the Government of the Republic of Lithuania has resolved:

1. To approve an Inter-institutional Action Plan on Development Cooperation (appended).

2. To propose to the Special Investigation Service of the Republic of Lithuania, municipal authorities and bodies to take part in implementation of the Inter-institutional Action Plan on Development Cooperation, as approved by the present Resolution.

Prime Minister
Saulius Skvernelis

Minister of Defence,
Acting Minister of Foreign Affairs
Juozas Olekas
INTER-INSTITUTIONAL ACTION PLAN ON DEVELOPMENT COOPERATION

CHAPTER I
GENERAL PROVISIONS

1. The purpose of the Inter-institutional Action Plan on Development Cooperation (hereinafter ‘the Plan’) is to set development cooperation policy guidelines for 2019-2021 of the Republic of Lithuania (hereinafter ‘Lithuania’) as well as implementation measures thereof, to ensure continuous and efficient development cooperation activities of Lithuania and to coordinate them, to enhance the role of Lithuania as a reliable and responsible donor country in the region, the European Union (hereinafter ‘the EU’), the United Nations (hereinafter ‘the UN’) and other international organisations, the international community and the partner countries.

2. The Plan has been drafted in accordance with the Law on Development Cooperation and Humanitarian Aid of the Republic of Lithuania (hereinafter ‘the Law’) and Lithuania’s foreign policy priorities and taking into account relevant strategic UN and EU documents and Lithuania’s international commitments.

3. Lithuania’s development cooperation activities laid down in the Plan are aimed at contributing to implementation of the goals of the UN 2030 Agenda for Sustainable Development (hereinafter ‘the Sustainable Development Goals’), adopted by the UN General Assembly (hereinafter ‘the UNGA’) Resolution No A/RES/70/1 of 25 September 2015, in the partner countries.

4. Lithuania, while gradually increasing development assistance, shall seek to ensure that in the long-term perspective Lithuania’s official development assistance is in line with its international commitments (0.33% of Gross National Income by 2030).

5. Having regard to the financial resources allocated to development cooperation and gathered development cooperation experience, Lithuania will seek to contribute to implementation of all Sustainable Development Goals in the partner countries, giving priority to the following sectoral areas of development cooperation (Sustainable Development Goals as formulated in accordance with UNGA Resolution No A/RES/70/1 of 25 September 2015):

5.1. end poverty in all its forms everywhere (Goal 1);

5.2. ensure inclusive and equitable quality education and promote lifelong learning opportunities for all (Goal 4);

5.3. achieve gender equality and empower all women and girls (Goal 5);
5.4. take urgent action to combat climate change and its impacts (Goal 13);

5.5. promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels (Goal 16);

5.6. strengthen the means of implementation and revitalize the Global Partnership for Sustainable Development (Goal 17).

6. While implementing the Sustainable Development Goals, Lithuania shall seek to apply the best practices acquired by national and municipal authorities and bodies, non-governmental organisations and business associations, and share them with the developing countries seeking democracy, development of market economy and integration into international structures. Sharing the reform experience will remain a key priority for Lithuania’s bilateral development cooperation with partner countries. Lithuania will also strengthen the visibility of Lithuanian assistance in partner countries.

7. The priority geographical areas of Lithuania’s development cooperation are the region of Eastern Europe as well as countries of migration origin and transit. Attention to the region of Eastern Europe is determined by historic, economic, and cultural links to the countries of the region. Lithuania is very familiar with the political system of the EU Eastern Partnership countries as well as their economic, social and cultural characteristics and specific issues. Assistance to countries of migration origin and transit is provided to make contribution to the solution of problems relevant for the whole international community and to enhance the image of Lithuania as an EU Member State demonstrating reliability and solidarity.

8. Acting in compliance with the objectives of the EU Eastern Partnership policy and the Riga and Brussels summit declarations and having regard to the experience in relations with the EU Eastern Partnership countries and donor expertise gained there, as well as the needs of these countries and Lithuania’s comparative advantages against other donor countries, Lithuania shall first of all provide bilateral assistance to Ukraine, Georgia, and Moldova, i.e. the EU Eastern Partnership countries that have signed association agreements with the EU. Lithuania shall provide assistance for implementation of these agreements and related reform, and shall fully cooperate with them while these countries seek closer integration with the EU.

9. Taking into account the needs of developing countries, Lithuania’s foreign policy objectives and its financial capabilities, Lithuania shall also provide assistance to other countries that are included in the list of aid recipients of the Organisation for Economic Co-operation and Development.

10. Lithuania shall continue to provide humanitarian aid in compliance with the principles of humanitarian aid, as laid down in the Law, and in response to requests for humanitarian aid, and announced international appeals. First of all humanitarian aid will be provided to save lives, alleviate suffering, preserve dignity in cases of natural and human-made disasters or remove their after-effects, as well as in situations likely to lead to wide-scale crises or directly affect Lithuania or the neighbouring region.

11. By implementing its development cooperation activities, Lithuania shall
cooperate with the EU institutions, the UN and other international organisations in order to coordinate global efforts to support developing countries. Lithuania shall contribute to the efforts of the international community, by providing support on a multi-lateral basis via EU financial instruments and programmes, the UN, the World Bank Group and other international organisations, international financial institutions and funds implementing or coordinating development cooperation activities.

12. Lithuania shall further support activities to raise public awareness, especially among the youth, on the importance, goals and advantages of development cooperation, encourage volunteering, inform about projects implemented by Lithuania and their results, as well as Lithuania’s contribution to the activities of other international organisations and development funds. The public shall be informed about the development cooperation policy pursued by the EU and other international organisations and funds, as well as opportunities for Lithuanian entities to participate in implementation of their projects.

13. National and municipal authorities and bodies, nongovernmental organisations, as well as business associations shall seek a stronger involvement in bilateral, European and international development cooperation projects aimed at exchanging best practices with foreign partners.

14. Lithuanian national and municipal authorities and bodies shall be further encouraged to take part in projects of the EU Twinning programme aimed at enhancing administrative and institutional capacities of partner countries. These activities shall be coordinated by the Ministry of Foreign Affairs of the Republic of Lithuania.

15. Ministries, bodies under the ministries, bodies within the remit of ministers, as well as other national and municipal authorities and bodies or organisations which are not bodies participating in the Plan are recommended to continue carrying out development cooperation activities, giving priority to the development cooperation areas established in the Plan while implementing relevant measures of their strategic, annual or other planning documents.

16. Authorities implementing the measures of the Plan shall ensure the use of the logo ‘Lithuanian Development Cooperation’ in publicising information regarding the implementation of the Plan measures. The logo shall be approved by the Minister of Foreign Affairs of the Republic of Lithuania.

17. The Ministry of Foreign Affairs of the Republic of Lithuania shall coordinate implementation of the Plan.
## CHAPTER II
